Qualica-RD **SUN**

Full height turnstile with rain cover.

Qualica-RD SUN QR401-WS is a high-tech full-height turnstile, incorporating a solid rain protection roof (304 or 316 stainless steel). It is ideal for both indoor and outdoor use.

The stainless steel body, waterproof and durable. The passage width can reach 900-1200mm for wheelchairs, baby carriages, bicycles, etc. The mechanism is equipped with self-adjusting hydraulic damping device. No noise and no impact during operation.

3 years warranty. Ideal for high security areas such as embassies, stadiums, banks, oil fields, construction sites, stations, etc.

SUN QR401-WS Full Height

Features

- Single or bidirectional direction can be selected.
- Structure to contain the wiring inside the box.
- Structure in the upper and lower part to embellish it.
- Arm structure with round stainless steel cover.
- Anti-tail function: only one person passes at a time.
- Override key function: in case of emergency, control the opening/closing turnstile manually.
- Supports any kind of external device solution (display, counter, face recognition, push button, card collector, RFID wristband collector, barcode/QR).

Technical specifications

Frame material	full stainless steel 304
Dimensions	200*1000*2300mm (inside height 2080mm)
Net weight	300kg/units
Pitch width	1 rail, 900-1200mm /rail
Pitch direction	Monodirectional and bidirectional
MCBF	10 million
Power supply	AC220V/110V, 50/60Hz
Operating voltage	24V DC
Power consumption	40W
Operating temperature	-15 °C - 60 °C
Operating humidity	0 ~ 95% (No freezing)
Operating environment	Indoor / Outdoor
Flow rate	35-40 persons per minute
LED indicator	Yes
Emergency	Automatic arm open when switched off
Communication	Dry contact, relay signal, RS485
