QRD-**Employee Web Portal**

Employee web portal for Qualica-RD Professional Company.

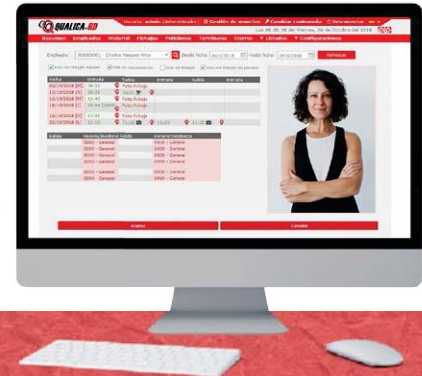

Qualica-RD Employee Web Portal is an application through which employees can consult and print information related to clocking.

Allows the user to make individual requests and requests to create and modify information on timekeeping, calendar, vacation or personal data.

All this can be managed through the web browser (IE, Mozilla, Opera, Chrome) which has a direct connection with the **Qualica-RD Empresa Profesional system**, so there is no need to install any application on the computer.

Qualica-RD Employee Web Portal

Printable reports via the web
 Previewing and modification of the calendar
